

GRAND PRIX France 2026

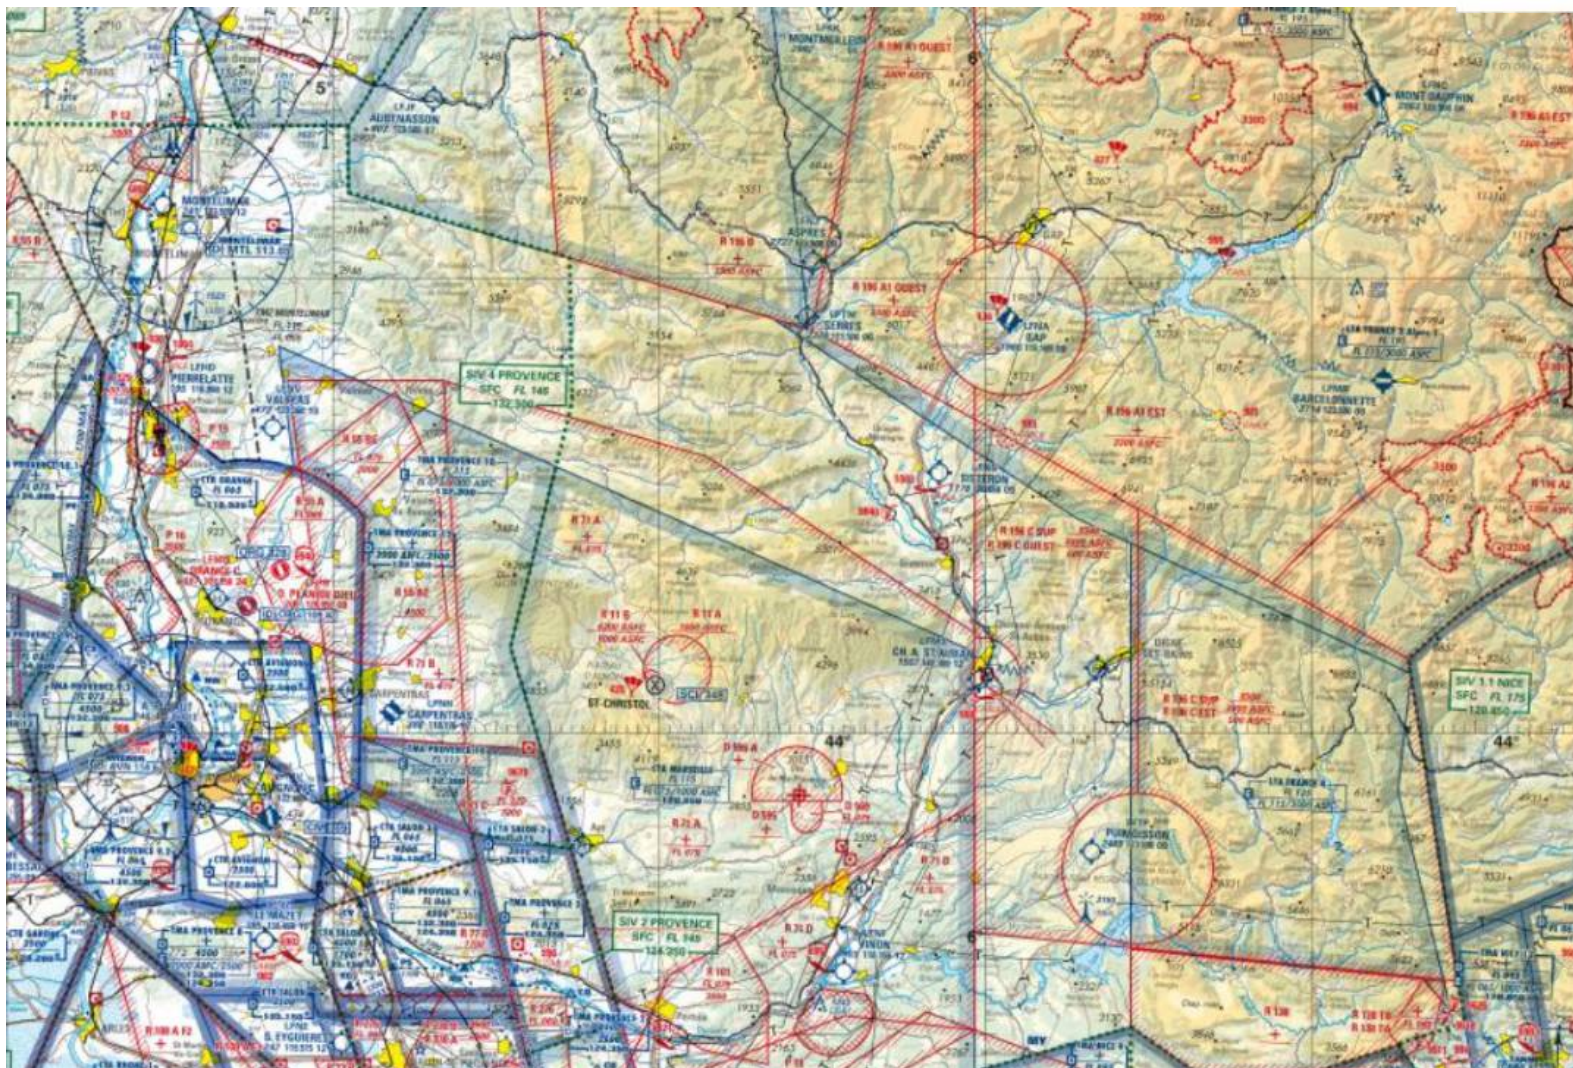

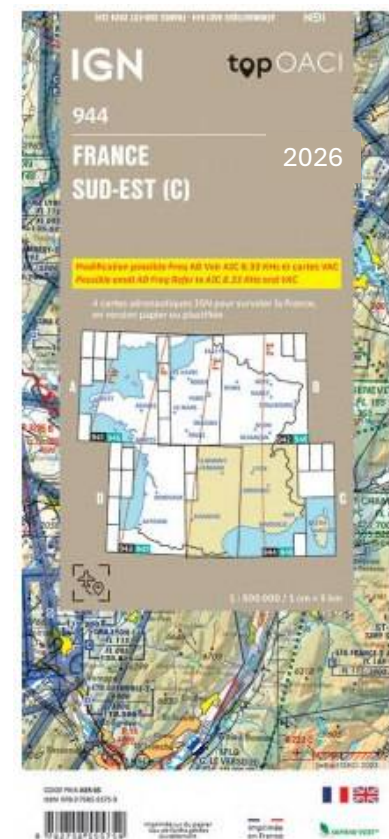

Self Briefing Airspace Briefing

V1
28/07/2026

Regional Airspace

(ref : ICAO 1:500.000 VFR Sud-Est n°944)

General Information

1. Airspace Prohibited during competition

- All Class A, C, D controlled airspaces
- All prohibited (P), restricted (R) and Dangerous (D) areas
- All Aerobatics  and Para activities (*)  (when actually active after radio contact)
- (*) Skydiving “436 Para Gap” is prohibited at all times for the competition

2. Parks and Maximum Sensitivity Areas (= ZSM) (marked “P” in the Airspace Sport file)

- Parks are prohibited(FL195)
- MSAs are prohibited from the ground to 300 m above the highest point of the MSA

3. Airspace downgrading and/or deactivation

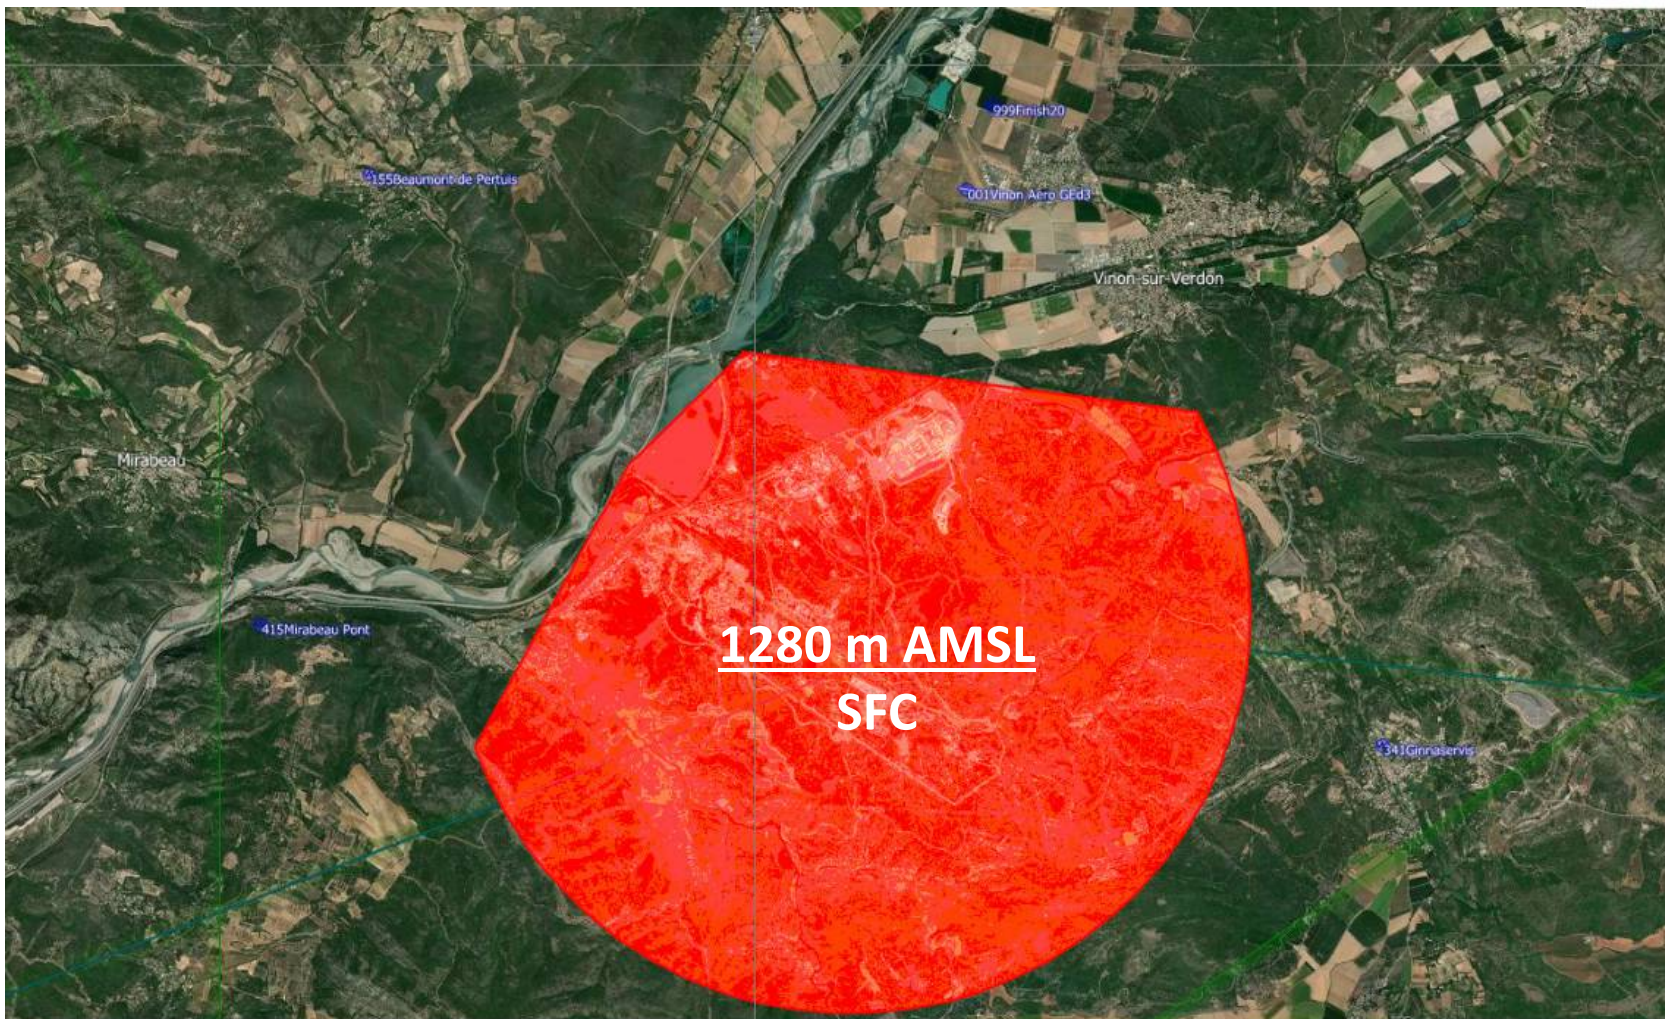

- Certain class D areas, certain R and D zones, and certain Aerobatic and Para activities may be deactivated for one competition day (e.g. R 71, Aerobatic St Auban, D 596, Para St Christol)
- These deactivations are announced at the daily briefing and mentioned on the task sheet.

(NP4.1 §2.5 : .../... Within the framework of a competition, local procedures and provisions announced at briefings have the same authority as the present regulations .../...)
