

## **COPPA INTERNAZIONALE DEL MEDITERRANEO CIM 2020**

**Rieti, August 3 – 13<sup>th</sup>, 2020**

### ***Bulletin n. 2 (additional information)***

**Rieti, July 18<sup>th</sup>, 2020**

***Dear gliding friends,***

***the Aero Club of Rieti will host the 2020 edition of the Coppa Internazionale del Mediterraneo. The spread of the Sars-Cov-2 virus has hit some regions of our country hard, but the lockdown policy and improved sanitary and therapeutic protocols have radically reduced the impact of the disease on the population. The Rt factor is currently between 0.5 and 1.2 in Italy, with significant variations between regions.***

***All competitive sports activities not requiring the presence of the public, are now permitted. National and regional guidelines are constantly re-evaluated, and modified as necessary. Generally, the release on limitations has been prudent but steadily progressing.***

#### **COVID POLICY AT THE CIM**

***The organisers of the gliding competitions in Rieti are inspired by a principle of informed precaution. We owe it to the local community, to bar and restaurant workers, to the national health institutions and their operators, and to the Italian economy as a whole, to guarantee that all possible preventative actions are taken. A second objective is safeguarding the reputation and the safety culture of the local gliding clubs and their excellent relations with the population.***

***We therefore kindly, but firmly, ask you to observe our indications and guidelines:***

- . Before your arrival, please submit scans of the pilot's and glider's papers via email.***
- . Read, accept and undersign the Covid document which will be presented to you upon arrival.***
- . Masks are mandatory in the airfield when in close proximity to other persons (< 1.5 m), if they are not members of your family or group of close contacts.***
- . Access to the competition and administrative office and premises is permitted only for one person at a time, again wearing mask.***
- . Hand gels will be available at many locations on the airfield. Please wash your hands carefully and frequently.***
- . Wearing a mask in public places is still mandatory, for example in shops, supermarkets, public transport, museums and so on. People will appreciate your carefulness.***
- . Avoid close proximity and large gatherings, especially in closed spaces.***

***On our part, we will conduct the First, and all Daily Briefings in remote form via Zoom conference web based software. The prize giving ceremony will take place in an open area.***
